Aloha Kakou! Come celebrate with us two or three days immersed in the light, love and laughter of Spirit in the company of loving, kindred souls with a beloved teacher, who truly lives the miracle, as your spiritual guide. We welcome you to join us on the Big Island of Hawaii for an unforgettable Weekend of Creating Miracles - plus an optional Dolphin Experience Cruise - with Michael J Tamura.

How do you measure your true worth? Is it worldly success? Wealth and riches? Do you have to have at least 100,000 followers on Instagram or friends on Facebook? Is it having a resume of heroic accomplishments? Do you need to have found your soul mate? Or do you have to prove that YOU ARE SOMEBODY?

There are many ads that in some way or other tell you that you have to BE SOMEBODY. Of course, you might take it as quite an insult if someone tells you that you're a NOBODY. The truth is, however, that if you had to be a BODY, any BODY, then, you wouldn't be able to experience your real worth. After all, you're not a body. ANY BODY. You can only have a direct experience of your true worth as a soul. And you can't do that intellectually or physically. You can only experience yourself as the soul through your intuition.

So, in Saturday's seminar, **Realize Your Soul's Worth: Discover Yourself, Know Your Gifts & Live Your Purpose**, you'll learn how to live much more of your soul purpose in your daily life through the use of your intuitive knowing and other innate psychic/soul abilities. You'll be given many simple but powerful psychic tools and practices that will help you to discover much more of who you are in spirit as well as the gifts that you already have within you. You'll also learn to appreciate and share your soul treasures because that is what fulfilling your purpose is about: Sharing your light. As well, you'll discover that how you go about sharing yourself plays a major part in your experience of joy and fulfillment. Although the Saturday seminar can be taken as a complete seminar in itself, it will prepare you to benefit much more from Sunday's seminar as well. To be able to use more of your soul creativity to manifest all that you need to fulfill your purpose in life, one of the foundations is for you to realize your soul's worth.

On Sunday, you'll learn to **Create Outside the Box** and *Use Your Soul Creativity to Manifest Laughter, Love & Everything You Need*. Most people struggle in a great deal of effort to get each and everything they need to even get by in life. Yet, our life isn't meant to be a struggle. Once again, life being full of pain and suffering is only if you believe that you are a body. Yet, when you realize that you are spirit, an immortal soul temporarily incarnated in this world in order to learn to know, heal and free yourself, your whole way of living changes. You begin not only to see and appreciate your real worth, you reach deep within your own beingness to utilize your creativity that you may manifest all you need to fulfill your purpose for being here. You'll realize that there is nothing impossible to you for you to live your purpose. In the process, you'll learn to laugh and love joyously.

As a super bonus, you can join us to experience the amazing *Nai'a* (dolphins) in the wild. We'll go out to sea for a whole morning sail with our friends, Michael and Melainah Yee and their exceptional *SunLight on Water* crew. You can don your mask, fins and snorkel and swim with the dolphins or just kick back and go for the beautiful ride. Founders of *SunLight on Water*, Michael and Melainah are not only both highly experienced and most respected USCG licensed captains, but they are internationally renown for their expertise

with and understanding of dolphins. You couldn't be in better hands (or in a better boat) to have an extraordinary experience swimming and communing with the Nai'a. Then, after we return to the harbor, whoever wants to continue the celebration can join us for lunch and "talk story" in town.

To gain the most out of the extraordinary seminar weekend, the dolphin cruise/swim experience and spending quality-time with Michael and Raphaelle Tamura in Hawaii, you'll want to make this trip what we call a Do-It-Yourself Mini-Retreat. Our events can be the centerpiece for your trip, but you can plan on a day or more before the events and a day or more after them to make this a profound life-changing, spirit-renewing retreat for yourself in a place rooted in sacred history.

A Hui Hou!

A Bit About Michael J Tamura:

Being spiritually aware from childhood, Michael sees everyone the way they are - as immortal souls - and he knows that you can do that as well. Through the two profound all-day experiential seminars, he will teach you how to be more your true self, know your worth, live your purpose and shine ever more brightly as the light of the world.

Everywhere Michael goes, he shares his wisdom with laughter and compassion gained from intensive training, profound past-life recall, nightly out-of-body sojourns, over forty-three years of teaching and giving clairvoyant counseling, and living a lifetime of miracles, including returning from five near-death experiences.
