Have you ever felt that there is more to your life than what you are living? Have you had the inner knowing that life is meant to be much more joyous than what you see in the world around you? Do you often wish you could offer more to others, but haven't known what to give or how to do that? Wouldn't you like to live your life much more as the limitless soul that you are? Of course, you would! And, that's what living your soul purpose is all about.

You know you have some kind of purpose for being here and living the life that you are living. Yet, you may not fully know exactly what that purpose is or how you can go about fulfilling it. You won't be able to figure that out intellectually. To know your true soul purpose and to be able to fulfill it, you need to experience it directly. That's when you need to use your innate soul - or psychic - abilities. Psychic just means that the abilities are of the soul and not of the body.

As a limitless soul, you have within you many and varied abilities, many of which you may not have even imagined. Yet, as you progress along your spiritual path, the abilities that are essential to your next steps naturally begin to emerge into your consciousness more and more. You may begin to notice that you see the world somewhat differently than many others or that you see things about certain people that others don't seem to notice. You may just happen to know something that wasn't obvious to others or you suddenly

know something you didn't have any prior knowledge about. You may even have an experience of being aware outside the normal confines of your body or recall being more the limitless soul that you are while you slept. Whatever your experiences may be, these are as a result of a deeper aspect of your inner being emerging more into your day-to-day consciousness. You are becoming much more aware that you are a sensitive, psychic being.

Your various psychic abilities that begin to manifest in your life are all powerful tools to help you live more of your life as the limitless soul that you are. Among them, the most important ones to develop in order for you to live more of your soul purpose in this world are your clairvoyance, intuition, and mediumship. Contrary to popular belief, these are not abilities or gifts just for a select few. Everyone has these abilities within him or herself. When you are called to step up to living a more intuitive, spirit-centered life, these particular abilities become all-important.

Clairvoyance is your ability to see clearly and discern truth from illusion; intuition is your direct line to your innermost knowing and what is true to you as a soul; and, mediumship allows you to personally experience who you are and to learn to live the miracle of your immortal soul life. These three abilities that you have within you form the A, B, C's of you learning to understand and speak the language of spirit and fulfill your soul purpose here on earth.

The great news is that these abilities are not difficult for you to access or to develop. In fact, you're using them all of the time in many ways that you may not yet recognize. So, wherever you may be along your path of awakening and in developing your psychic abilities, we welcome you to join us for this profound and third-eye opening experiential workshop. What you learn in this workshop will help you take your next steps on your journey of living your soul purpose more fully.

When I teach, I draw from my years of intensive training, past-life recall, nightly out-of-body sojourns, over 44 years of teaching and giving clairvoyant counseling, and a lifetime of miracles, including returning from five near-death experiences. We'll explore your abilities of clairvoyance, intuition, and mediumship and the parts they play in you fulfilling your soul purpose. You will gain valuable insights not only about what your abilities are, but also how to use them to further yourself on your path. You'll also get to experience that all of this profound spiritual growth can be joyous and filled with laughter. Above all, I'll offer you simple, but amazing tools to help you get more grounded, center your awareness, direct your energy, and experience more of yourself as the soul that you are.

Once you begin to learn to use these powerful abilities correctly, your life will expand beyond any horizons that you've imagined before. It's time to spread your soul-wings and soar beyond your imagined limits!

I'm looking forward to seeing you in Basel!

May the light of truth shine ever more brightly upon your path and love guide you in your every choice. With gratitude, love, and laughter,

Michael
