

## Liebe Freunde und erwachende Seelen,

What a glorious afternoon it is here! Birdsongs fill the air as golden rays of sun warm and delight our hearts. Every now-and-then, as if to remind us that all is well, no matter what may be happening in our lives, a touch of river-cooled breeze kisses our cheeks. Today, I am writing to you from our new home in Sacramento, California. Raphaëlle and I finally sold our house in Mount Shasta, where we've loved living for over 15 wonder-filled years and we've come down off of the snow-covered mountain. After loading, driving, unloading, and unpacking, with the help of good friends, four 12-foot trailer-loads, one 26-foot truckload, one 20-foot truckload, and several big SUVs packed with everything from original art, beds, and sofas to computers, musical instruments, and hundreds of boxes of everything else, we're settling

in to our much smaller, rented, one-story house. We can now call this state capitol city known for its two rivers (the Sacramento and the American) as well as for its many trees and interconnected parks, our home.

From this new base, we're preparing for our upcoming June visit to Switzerland for me to teach, once again, in Basel (June 5) and Zürich (June 7 & 8-9). How excited are we to see you all again, walk along the See, and ride the trams everywhere? Well, we've long had our hotel room reserved, airline tickets bought, and passports secured, and we're all set to go! Thank you for so lovingly welcoming us each year.

We're now in our second year of being able to stay in touch with many more of you through our weekly Worldwide Internet Radio Show, Living The Miracle with Michael and Raphaëlle Tamura on the Empowerment Channel through the VoiceAmerica Talk Radio Network. If you haven't had a chance to tune-in to our show yet, we'd love to have you join us. You can do so "live" every Wednesday at 8 PM Central European Time or listen later through the archives by following this link and it will take you to our show host page and radio player on the VoiceAmerica Empowerment Site: <https://www.voiceamerica.com/show/2735/living-the-miracle>

And, great news for those of you who haven't yet seen the powerfully transformative movie, PGS-Intuition Is Your Personal Guidance System, it's now available for rent or purchase online here: <https://www.pgsthemovie.com> This dramatic documentary by multi-award-winning Australian filmmaker, Bill Bennett, follows his extraordinary journey of awakening that began when a voice saved him from certain death and continued through his worldwide search for answers as to what that voice was, why it chose to save his life, and what the purpose for his experience was. His years of searching led him to experts in the subject of intuition across the globe in the fields of science, religion, and spirituality. Among some 80 interviews the director conducted himself, he culled 26 of them to weave into his insightful film. I'm honored to be one of those featured in this film. You can enjoy the trailer of this film at the link above as well.

Being able to access and use your intuition are essential to your spiritual awakening and growth. After all, intuition comes from having certainty in Divinity, the limitlessness of Spirit. I've lived my whole life by intuition. It

is through intuition that I've been able to discover my own answers and navigate my way through life to fulfill my true purpose, no matter what challenges I've encountered. For the past 45 years, I've been teaching people all over the world, how to correctly use, not only their intuition, but all their innate soul - or psychic - abilities, so that they, too, could fulfill their purpose for being here on earth. Besides, you are all creative souls. Without expressing your psychic self, you can't fully live a joy-filled life. Learning to use your intuition, clairvoyance, and mediumship are keys to your happiness. Equally important is that you need to use all three psychic abilities to fulfill your soul purpose here on earth.

I've devoted the past 45 years of my life - since just before I turned 21 years old - to help awaken people to their soul life. A big part of that involved me teaching everyone to access and use their intuition, clairvoyance, and mediumship much more fully in their daily living. Today, many more souls are awakening around the world to their next steps along their paths. This year is especially a powerful opportunity for enormous and profound psychic transformation for anyone seeking to live more of their soul life. Of course, when you are undergoing a metamorphosis, it may seem like certain aspects of your life are falling apart or not working. Some of you may have been feeling like things aren't moving as smoothly as you'd like them to be. Yet, those experiences and much more are necessary and normal when you are in a time of major transformation.

So, to help you through this phase of your growth, I've created a special curriculum for the two workshops and the weekend seminar that would address what you would need for your next steps. Of course, you're free to participate in any or all of the workshops and seminar, but, if you can, joining us for all three of them will give you the most comprehensive learning opportunity. If not, one of the workshops will give you a great start and the weekend seminar will help take you much further and deeper.

As before, I will begin my teaching tour in Switzerland with a 3-hour Wednesday evening workshop in Basel, hosted by Basler PSI-Verein and Forum im Licht. In this workshop, **Using Your Intuition: How to Find Your Own Answers & Navigate Your Life**, I will teach you how to correctly access your intuitive knowing, follow through and act upon the answers that you discover, and deal with the doubts that often come up in your rational mind. I will also offer you simple, yet powerful psychic tools that you can use everyday to develop and use your own intuition to navigate through the sometimes challenging labyrinth of your life.

Then, we'll move on to Zürich for my Friday 2-hour evening workshop hosted by our dear friends, Wolfgang and Marianne Jaeger of Forum Im Licht and Buchhandlung Im Licht. There I will present you with, **Get to Know Your Friends in Spirit: Angels, Guides, Teachers & Other Helpers**. In this workshop, you will learn about the nature and varieties of spiritual beings who are helping you in your life everyday. I will teach you psychic tools and guide you in experiential meditation exercises, so that you can become more aware of your spirit guides, angels,

teachers, and other helpers. You will also learn how you can better communicate and work with your friends in spirit, so that you can more easily and joyfully fulfill the purpose for which you are here.

We will complete our Swiss teaching tour in Zürich once more with my most comprehensive weekend seminar this time, *Unlock Your Intuition, Clairvoyance & Mediumship To Create A Joyous Life*. This weekend will also be hosted by Forum and Buchhandlung im Licht at the same venue as the Friday evening workshop, so it'll be a wonderful sanctuary of learning to spend the whole longer weekend there in the company of kindred, loving souls.

During this comprehensive weekend seminar, we will explore all three of the most important soul abilities in relationship to you being able to create a joyous life. First, true intuition is your direct line to your own innermost knowing and all that is true to you as a soul. It's also your hotline to God. Second, clairvoyance is your ability to see with the single inner eye of spirit to discern truth from illusion. It keeps you on your path. And third, mediumship is your gateway to spirit and who you are - before, during, and after your incarnation. It's through your mediumship that you begin to live the miracle of spirit and your immortal soul life, while you are still here on earth. Once you learn to use these three powerful innate soul abilities correctly, your life will expand beyond your wildest dreams. This seminar will help you to spread your soul wings and soar beyond your imagined limits.

One of the things to know ahead of time is that when you decide to join us for any or all of these events, many of you will begin to experience shifts in your energy and consciousness long before you arrive at the actual workshop or seminar. This is a good thing - you're already learning what I am teaching in spirit. In fact, some of you might even become aware when you first awaken in the morning that you may have done or learned something while you slept. Yes, I teach every night in spirit as many of you sleep. I have been doing that since I was growing up. We can get an enormous amount of learning, growing, and healing, done while our bodies are sleeping. So, please pay some attention when you first awaken and reflect upon what you might have done or learned while your body slept. Notice, too, the changes that you may be going through and care for yourself lovingly. I know we will have a wonderful time together in June. Both Raphaele and I are so looking forward to seeing all of you!

May the light of truth shine evermore brightly upon your every step and divine love guide your every choice.

With gratitude, love, and joyous celebration and laughter,

*Michael*
