Dear Friends and Awakening Souls,

As Spring begins to reveal its colorful new wardrobe to us in many parts of the world, each of us may find that there is a new creativity stirring to bloom forth from within us. No matter how any of us may respond to that inner awakening that calls us forth to express and share what inspires us, it is our own soul purpose that seeks our fulfillment. Twelve months ago, I offered you my vision of a comprehensive course of experiential study that would help you develop within yourself the **Psychic Tools and Life Mastery Practices for Living Your Soul Purpose**. Many of you responded with amazing willingness and enthusiasm to jump right into the Level 1 Classes on ***Developing Your Psychic Abilities to Live Your Soul Purpose Every Day***. It quickly turned into an extraordinary class of kindred souls dedicated to developing the abilities intrinsic to their soul in order to discover the deeper nature of their purpose for being here and living it each day. Then, almost everyone who started in Level 1 continued right through Level 2, ***Spiritual Practices to Begin Mastering Psychic Energy and Your Mind to Live Your Soul Purpose***, and on through

the Level 3 Classes on ***Seeing Your Life Through the Eye of Spirit: Using Your Clairvoyance & Intuition***. At many points along the way, others boarded our fast-moving learning train, and realizing the potential for how far it can take them, decided to enroll in all the Level 1 - 3 Classes to get up to speed and join the rest of the group and where we are. I salute each and every one of you for your commitment to your spiritual growth and awakening. And, a big congratulations - you've completed your first year of learning and practice! Even more importantly, look at how far you've come in such a short time. Of course, our society doesn't yet have an established standard by which anyone can accurately evaluate their spiritual growth from the outside. Yet, the confirmation is within your own experience in terms of how much you have grown in your ability to respond to life, all its conditions and all that happens in it. You have truly embarked upon your journey of gaining mastery of your life and of fulfilling your soul purpose more completely.

Now, we're ready to launch an all-new Level 4 Class, ***Developing Your Clairvoyant & Healing Abilities to Live Your Soul Purpose***, on Saturday, April 6th with a double-header of the first two 2-hour TeleClasses, the first starting at 10 AM and the second at 1 PM. In Level 4, you'll begin to take what you've been learning and practicing using your clairvoyance and intuition into the arena of exploring much more deeply who people really are. You'll learn how to clairvoyantly read the "whole" person in a variety of ways. You'll also discover that when you learn to correctly read people clairvoyantly, not only do they begin to naturally heal, so do you - and many others! Check out the major topics that we'll cover in the teleclasses and weekend seminars on the schedule for a sneak peak at some of what you'll be learning and practicing in Level 4. You'll be stepping up to a whole new aspect of living your purpose!

As I've done with Level 1 through Level 3 so far, I will be teaching Level 4 "live" in person through eighteen 2-hour TeleClasses and two whole Weekend Seminars only this one round. After this round, as with the other Levels, this course will be available only as a self-study audio download course. Level 4 is still open to anyone interested in taking any of the teleclasses and seminars. However, to enroll in the Level 5 Class, everyone who is not yet qualified for the SHAPE Community will be required to complete all the Level 1 through Level 4 Classes and Seminars before taking any of the Level 5 Classes. Of course, our hope is to have many more people be able to join us in the SHAPE Community and expand our spiritual community without walls of capable clairvoyant readers, healers, teachers, and leaders to take this new awareness into the many facets of our societal life. We're here. You're here. Let's get moving. All aboard!

May the light of truth shine ever more brightly upon your path and a joyous peace resound within you always. With gratitude, love, and laughter,

Michael
