**In Beautiful Morschach, Switzerland
at Mattli Antoniushaus on the "Sun Terrace Above Lake Uri"**

Dear Friends and Awakening Souls,

I am writing to you today from my study in Sacramento, California. It is another glorious day and the birds are celebrating with their joyful chirping, on the tree branches right outside my window. In my heart, I am singing with them. No matter what happens during this day, I am ever grateful to be alive.

All too often, we may feel as if life owes us a certain kind of experience. We may feel disappointed, or even betrayed, if a day's offering fails to meet our hopes and expectations. Yet, it was during my first surprise encounter with a major heart attack that I discovered that life offers itself to us each day without conditions. Life never holds us to an ultimatum: Live this way, be that way - or else! It is we, who regularly demand that life meet our terms. Are we refusing to live fully or joyously, unless our life meets certain conditions? Will we dance in the

streets, if it's sunny, but pout in the corner, if it rains? Are we going to celebrate, if we succeed, but punish ourselves or others, if we fail? Yet, no matter what we choose, life keeps on lovingly giving to us another day.

I did end up dying that day, while I was being rushed in an ambulance to a bigger city hospital from the emergency room in our small mountain town, where we lived back then. It was the

second of five times that I've physically died in this lifetime. Yet, an angel brought me back from the celestial realms to my body in the back of that ambulance. That was largely because I had earlier made my decision that I was willing to live life without demanding my conditions of it. I had realized that I could not live a limitless, free, and loving life, if I insisted on placing limits or conditions upon life.

We are all here to learn to live life fully as the creative and joyous souls that we are. Yet, to do that, we need to harness our ability to imagine without limits, our clairvoyance to see the truth clearly, and our intuition to know who we are, where we are going, and what we are to say and do. As we learn to make use of these wonderful gifts, we discover that we are able to manifest all that we may need along our path.

So, we are delighted to be able to offer you, **Live as a Joyous Creative Soul: Harness Your Imagination, Clairvoyance & Intuition To Manifest All You**

Need Along Your Path, as our first ever 3-Day Retreat in gorgeous Morschach, Switzerland, at the Mattli Antoniushaus. I know it will be an extraordinary experience for all of us.

What I teach comes from all that I've learned from my own experience of living this way for most of the past 66 years. You will also learn many simple, but powerful psychic tools and spiritual practices in

so that you can manifest more readily what

you need in your life to help you along your path. You will learn to apply this process to whatever it is that you would like to manifest in your life, whether it is a new computer, a different job, a more loving relationship, some needed communication, enjoyment, or healing for yourself or others. You will have a lot of fun learning to use more of your innate soul creativity to manifest and live a joy-filled life of purpose. Rather than living bound by the limitations of the world, as a creative soul, you can imagine and create from an infinite source of possibilities!

My favorite way of teaching has always been in a retreat-setting, because profound learning happens not only in the seminar or workshop itself, but during the social times during breaks, meals, and while on nature walks or just hanging out together. You'll be with our amazing team of wise and loving souls that any of you who have been to our seminars in Zurich have known: Raphaele, my wife and partner in everything, who is a wonderful clairvoyant, spiritual teacher, author, and radio show host in her own right; Wolfgang Jaeger, director of Forum im Licht, spiritual teacher, organizer and host of this retreat; Marianne Jaeger,

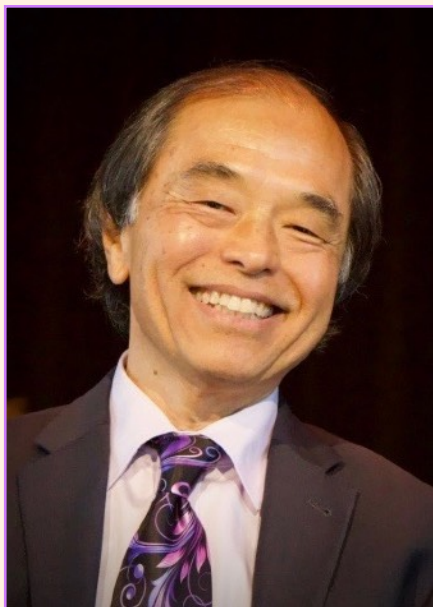

weekend

director of Buchhandlung im Licht, spiritual teacher, and Wolfgang's wife and partner; and, Barbara Golan, our fabulous translator, spiritual practitioner, and exceptional musician. We are all great friends and the best teaching is always with a team and in a community. The retreat format will give us a lot more time to be together and communicate and integrate what happens during the workshops in a different space. Of course, being immersed in the beauty of nature and in a more pristine healing environment will add enormously to our experience. Enjoying delicious and healthy meals together would top it off! Yes, I'll start packing for this retreat now!
