The lilies of His love appear." - George Herbert*

Dear SHAPE Community & Graduates of Clairvoyant Programs, AHA! & Our Psychic Tools & Life Mastery Practices Course,

A Joyous and Miraculous New Year to You! Woo-Hoo!

2020 looks to be a particularly progressive year for psychic development for all who are interested in waking up. Even more so, however, the new year will offer wonderful growth opportunities for practicing clairvoyants, mediums, and intuitives. It's a great time to gain much more trust in your inner guidance, have certainty in Spirit, and follow through on what you know to be true for you. Own it. It will be a year to remind yourselves regularly

that darkness cannot remain, when you shine your light. You are the light of the world. Don't wait. Don't hesitate. Shine now. Shine evermore brightly. Be joyous.

The truth of fake news is that it is fake. That's good news. What's fake is fake. You don't have to worry about it. Truth is what matters, not lies. Keep truth in your sight and let the lies fall away on their own. Keep shining. Be joyous.

For those of us on the path of awakening and of self-mastery, 2020 is the year to commit to living in grace. Giving and receiving, sharing all that is given to us. Sharing makes space within us for all that Grace has to give. Each of you has been working steadily on raising your havingness and expressing your innate spirit creativity. If you put effort into doing that, you limit yourself hugely. It's time to learn to drop the effort even more. There's no effort in grace. To receive it, you can't be in effort. You have to just have it. Can it be that simple? Yes! But, are you worth it? Those are a couple of the questions we're going to ask and find out the answers to this year in our brand new SHAPE Mastery Course. So, shine on. Be joyous.

Of course, you already know that the only factor that compromises your havingness is you being afraid. So, to live in grace, you would have to be courageous. How do you have courage? We'll explore overcoming being afraid of fear, transcending fear itself, and raising our havingness in our new course as well. Be courageous.

Grace is not of this world. Grace comes from God via the Holy Spirit. So, to live in grace, you have to live in and as spirit. How much certainty do you have in Spirit? How much of your certainty is invested in the things of this world? The more you have certainty in Spirit, the more you know everything intuitively. You'll practice having certainty in Spirit a lot more in this mastery course. Have certainty.

We can't separate Grace from God's Love, can we? So, we'll have to look at what each of our relationship is to God's Love, if we are to learn to live in grace. That's what we might call the God of our own heart - our relationship to God's Love. And, that's essential to our havingness - and our ability to creatively manifest. Is God's Love real? Don't wait. Find out for yourself. Get to know the God of Your Own Heart, now.

Ah! So much to learn, so little time to learn it in. But, remember, eternity never waits and never hurries up. We have all of 2020 to get on with this major learning curve. Let's get out of effort and raise our havingness even more and learn to live in grace, one miracle at a time.

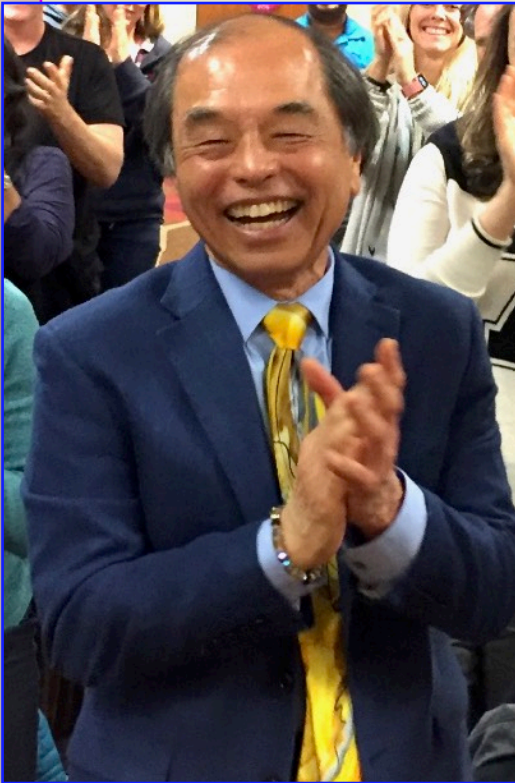

Check out the titles for all 33 of our new SHAPE Mastery Course teleclasses, 2 SHAPE Retreats (plus pre- & post-retreat teleseminars), and 2 Weekend Intensives listed below for a sneak-peak at what your new course for this year offers.

2020 is already looking to be a magnificent year for spiritual awakening and growth. Be prepared to have it! Shine your light and live the miracle. Be joyous!

May God's Grace continue to guide you lovingly to yourself as you truly are.

With gratitude, love, and celebration of light,

Michael

Now Is The Time

Now is the time to know
That all that you do is sacred.
Now, why not consider
A lasting truce with yourself and God.

Now is the time to understand
That all your ideas of right and wrong
Were just a child's training wheels
To be laid aside
When you finally live
With veracity
And love.

Hafiz is a divine envoy
Whom the Beloved
Has written a holy message upon.
My dear, please tell me,
Why do you still
Throw sticks at your heart
And God?

What is it in that sweet voice inside
That incites you to fear?
Now is the time for the world to know
That every thought and action is sacred.
This is the time for you to compute the impossibility
That there is anything
But Grace.

Now is the season to know
That everything you do
Is sacred.
