Dear Friends and Awakening Souls,

Is it time to throw in the towel? Has the world finally gone completely off of its rocker? Is humanity doomed? Or are we simply in some sort of collective nightmare and we urgently need to wake up? Well, yes—and no.

Yes, there are a lot of unbelievable and insane things going on in the world. But no, we aren't doomed. Yes, there are a lot of people dying very preventable deaths and countless more suffering avoidable suffering. But no, the whole world and most of its noble denizens have not completely gone nuts. And, no, this is definitely not the time for any of us to throw in the towel.

Yes, it IS high time for all of us to wake up from this collective nightmare, rather than desperately continuing to avoid it. The more you wake yourself up to the truth of what you're here for, the more you can live a healthier and more joy-filled life. In fact, if you are reading this, you already are living a much gentler and more peaceful life than a good majority of humanity at this time. I'm pretty certain that if you have the time, space, and energy to read this, you aren't running for your life, begging for food or water, seeking urgent medical care, or dodging missiles. I'd be grateful for that. I know how blessed I am to be sitting here in front of my computer in a warm, well-lit room in a spacious beautiful home able to write this message to you.

All that appears to be falling to pieces in the world today is part of the greater healing that is breaking through millennia of ignorance and denial all over the world. Individuals waking up to the truth are the blades of grass of the oneness of life breaking through drought-ridden hard clay and even concrete sidewalks in search of the warmth and light of the sun. Once we find ourselves above ground in the light of day, we begin looking for one another to cooperate with and build ourselves into the verdant meadow of community. Each one of us then becomes capable of lending a hand to help those who have not yet arrived at where we are. As life manifests in myriad ways in the world, life requires all manners of sustenance and help. As it is said, there is something for each of us and we each have something valuable to offer each other.

We are all living in extraordinary times. If you only look at the centuries old facades of building crumbling, it may all seem hopeless. Yet, if you shift your gaze to the underlying life breaking through to emerge in its yet unimaginable new form, you will be amazed and joyful. Hope always comes with the new emerging life. It is up to each of us to welcome that new life into this world undergoing its most major transformation ever. Anyone who ever even remodeled their bathroom could tell you, remodeling or rebuilding is never pretty. It's always dusty, messy, and noisy. Thank you for your understanding and patience while we all rebuild this world with new life.

To help you do your part as well as to help keep you going in this global undertaking, we've decided to offer you this profound weekend of exploration, discovery, growing, and healing. Each of the four individual teleclasses and the bonus post-event Zoom Q&A, Talk-Story and Social, will be devoted to addressing an essential aspect of what you need to discover, experience, and have your

certainty in the Divine, in the whole of Spirit, in the Source of All Life. As you start to gain more certainty in That Which Always Is, you access more of your innate intuitive knowing of the truth. Then, the more you use your intuition to live your life, the more you make a profound difference in the world. That is a big part of your purpose for being here in the world at this crucial time. There is no question that Divinity has already created the heaven that is meant to be on this earth. It is now up to each of us to do our part in step-by-step bringing that light of heaven into form here.

We welcome each and every one of you to join us for this reunion of kindred, loving souls who have been long seeking to benefit the greater whole in many ways. It takes a community of souls to heal the world. Come learn, laugh, love, heal, and transform this world with us as you heal and awaken yourself.

Continue reading below for descriptions on each of the four teleclass offerings. We highly recommend taking all of them for the greatest benefit because they all work together, but you can take any or as many of them as you choose. Also, if you cannot join us when we offer a particular teleclass live, you can still purchase it as an mp3 audio download and you'll receive the unedited teleconference version right after the weekend and the studio-recorded professionally edited and mastered version with intro and outro music about two weeks after the weekend for you to keep. Of course, if you purchase all four teleclasses together you'll get a discount. You can go to our April Events Calendar listings at michaeltamura.com for all the details or call our office at 530-926-2650 if you have any questions and to sign up.

May the Light of Truth Continue to Illuminate Your Path. May a Joyous Peace Be With You Always.

With gratitude, love, and celebration,

Michael

TSW22-4 TC1-Confused, Afraid Or In Doubt?

How To Access Your Intuition & Know What To Do

The way the world has been with no end in sight as to what else could go wrong in it, it's no wonder that so many people live in fear, worry, and anxiety, and unsure as to what to do or where to go. What are you to do when you are confused, afraid, or in doubt? First of all, what won't help you is to run or to hide, because sooner or later, you'll be caught or found. Yet, the answer or solution to any problem you may have is already right within you, right now. You just have to coax it out! Getting to the truth of any matter requires your intuition. Rather than trying to intellectually "figure it all out", you'd need to look within yourself and access your intuition and your ability to

just know. No step-by-step process. No methodology. Just a direct intuitive knowing.

Then, the remaining question is, how do you access more of your innate intuition to directly know what you need to do in any situation. That's where the real fun begins, but it's also where you might encounter some fear. After all, you can't expect any particular outcome. Your intuition will take you to uncharted territories for you. New awareness. New answers. In this class, you'll learn to access your intuitive knowingness along with a couple of your other psychic abilities so you can take your next steps in solving problems, managing challenges, and just living your best life. You'll learn simple but powerful psychic tools to gain certainty and know what to do no matter your situation in life. Don't leave your life without this!

TSW22-4 TC2-Want To Help But Don't Know How?

Using Your Compassion, Intuition & Power To Heal

Have you ever wished that you could lend a helping hand to those in need, but just didn't know how you could do that? You see a pedestrian hit by a bicyclist who speeds away and there's no one else to help the injured person. You're driving by the scene but there's no way to safely pull over and stop and you don't have your cell phone. What can you do to help? You're caught in a bank in the middle of a bank robbery by gun-wielding robbers, how do you help? Your heart goes out to mothers with babies running for their lives caught in a war zone on the news. How can you possibly help? Is there anything you can do to help a dying person?

In this class, you'll learn to reclaim your innate creative power with compassion and intuition to help bring about healing in any situation in your life. You'll also learn to cultivate your inner compassion and use your intuitive knowingness so you would be able to do that. During this class, you'll be guided to use various psychic tools and spiritual practices that will help you correctly and safely extend your help to those in need. Remember, you are never without power to change whatever you are aware of for the better.

TSW22-4 TC3-Others' Suffering Getting You Down?

How to Heal Yourself & Help Heal Others

One of the most heartbreaking, frustrating, and often agonizing situations in life these days is seeing so many others suffering and wanting to heal them, but not knowing how or whether you even can. It's a most helpless feeling to think you are powerless to do something to positively change an untenable situation—especially when you are a giver, a healer at heart. But, fear not! All is definitely not lost. Far from it, you actually have power in any and every situation in life, no matter how hopeless it may seem to be, to heal and bring about profound transformation. Not only is it not as

impossible as it may seem at times, it's quite simple to do.

In this class, you'll gain many psychic tools and practices to help you help both yourself and others to start healing from pain and suffering. Learn how to get the healing process moving for yourself and others regardless of what the problem is. The most important first step is to get things moving in the direction of healing for all concerned. Once that happens, more complete solutions and even miracles can follow. Learn how to get your healing moving for yourself and others.

TSW22-4 TC4-Want To Make A Powerful Difference?

Having Certainty in Divinity To Build A New World

You can make a powerful difference in your life, in others' lives, and in the world—just as you are. All too often, people assume they don't have what it takes to do that. Yet, what it really takes to help not only transform but to build a new, more peaceful, and joyful world is already within you. Just as you are, you have all that it takes to make a profound difference. You just have to learn how to access and use that secret ingredient.

In this class, you'll learn what it means to have certainty in Divinity, in Spirit, and in who you truly are. You'll explore what you need to do to have that certainty to positively impact everyone and the world around you. This class will help provide you with the various psychic tools and spiritual practices to help you build a different kind of world that you would choose for yourself and your loved ones to live in. The time is now to make that difference.

TSW22-4 TC5Z-Bonus Zoom Post-TeleClass Q&A, Talk-Story & Tea

We'll invite everyone who takes part in at least one teleclass during this weekend event to join us for this bonus Zoom Q&A, Talk-Story and Social after the last class on Sunday. It's an important time right after learning on this profound inner level to get together, in a more social space, with others who also went through the classes and integrate what you learned and the energy you gained back. Not only can you ask questions that you might have from the classes, but also you'll get to see some of your classmates and hear a little about their experiences and share some of yours with the group. This is a great time to get together and have fun, chill, integrate, and continue to learn.
