Dear Friends and Awakening Souls,

Ho-Ho-Ho! 'Tis the season to be jolly . . . and we can certainly be happy and cheerful. Yet, the way things are in the world today, it appears that many people are wanting to deck whoever opposes them with their fists, instead of the halls with boughs of holly. Fa-la-la-la-la.... What's up with all that pent-up anger, anxiety, grief, fear, and guilt? That's not very jolly, is it? Nevertheless, the holiday season is upon us. So, why not cheer up anyway? Ho-Ho-Ho!

It's part of human nature to want to be happy, isn't it? Then, why doesn't everyone just get happy, if they want to? For some, it may even seem impossible to ever be happy again. They may be struggling to recover from a devastating loss. Others are trying to manage supporting their families, while waging an uphill battle against ever-mounting expenses. Despite living in a high-tech world with the capability of near instant communication at a click of a mouse or a swipe of a smartphone, the experience of isolation and loneliness is increasing globally. There's plenty of bad news that could bog down the spirit of even the jolliest of folk. What can we do to lift our spirits—and each others—and cheer up regardless?

**'Tis The Season
To Know Your Joyous Soul**

*Unwrapping Your Psychic Gifts
This Christmas & Chanukah*

A Special 4-Zoom-Class
Plus Bonus Zoom Q&A & Social Remote Weekend Event

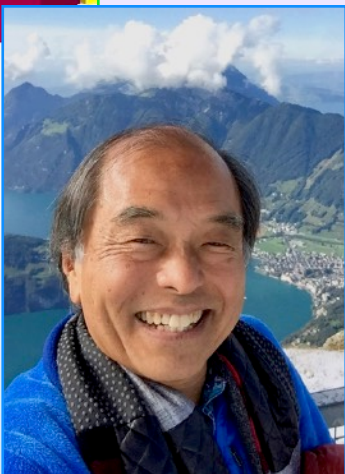

It IS the season to be jolly! And the season is the season of the holidays. It's time to remember what a holiday is meant to be. The word 'holiday' comes from the Old English word, *hālidæg*, which literally means, Holy Day. So, this season is a whole season of Holy Days to celebrate! Now, what would make a day 'holy'? Usually, we consider a day as a Holy Day, when we're dedicating it to God or in remembrance of that which is divine or of spirit. Of course, that all means we're commemorating and celebrating that which is whole or undivided. A holy day is a day to remind ourselves of the undivided. The season of Holy Days is our time to restore ourselves to wholeness. It is a time to mend divisions in ourselves and with others. It is a time for communication and camaraderie.

Communication and camaraderie will certainly go a long way toward mending divisions and restoring wholeness, both within ourselves and within our communities. True communication happens when we say 'hello' in recognition and validation of both ourselves and those with whom we are communicating as spirit: Hello, you and I are the same undivided oneness of light we call spirit. As we communicate with this awareness, we access more of who we are in truth. Then, since joy is part of who we are, we experience more happiness in our life, regardless of what we're going through at the time. So, we decided to offer you our season's greetings with a new remote weekend event, **'Tis The Season To Know Your Joyous Soul** - *Unwrapping Your Psychic Gifts This Christmas & Chanuka*, to help you make use of your psychic abilities to access your inner soul-self and that which is undivided, joyous, and holy!

Each of the four individual Zoom-classes and the bonus post-event Zoom Q&A, Talk-Story and Social, will address and explore essential ingredients that will help you release the past, live and create your life in the present, know your true self, tap into your creative power, and live more of your joyous life of purpose here. TSW2022-12 ZC1-The Spirit of Christmas Present-Your Key to Celebrate Eternal Life Here Now

When the wealthy, but miserly, Ebenezer Scrooge experienced a visit from the Ghost of Christmas Present in Charles Dicken's novella, A Christmas Carol, Spirit offered him not only a chance at redemption, but also the means to achieve it. Spirit helped him look more clairvoyantly at his present life, during the Christmas season, to realize not only the suffering he was creating, but also how he could completely change the course of his life to a profoundly more fulfilling and joyous one.

In this class, we'll explore what the present moment means in terms of your experience of life—your eternal life as spirit. When you discover the present, you will recognize it as the miracle Christmas gift that keeps on giving forever. You'll learn to access much more of your intuitive knowingness and other psychic abilities to experience more of the Spirit of the Christ in the present as you release more of your past. Join us and learn to joyously celebrate eternal life—now!

TSW2022-12 ZC2-Restoring The Peace of Your Loving Heart-Tools for Knowing Your Psychic Self

What does it mean to know your psychic self? Since psychic means 'of the soul', your psychic self is your soul-self. That's who you are in truth rather than being the body-person that you are incarnated in. To get to know and directly experience your soul-self more, you need to be at peace with your soul-self. If you are conflicted in any way within your inner self, you won't be able to know who you are fully. What would it take to restore your inner being to wholeness and be truly at peace?

In this class, you'll learn about restoring your awareness to the natural peace of your loving heart, which will allow you to experience more of your true soul-self. You'll also gain wonderful psychic tools that you will be able to use daily to help accelerate your spiritual growth and your full awakening. Mystics and enlightened masters have been saying throughout history, "First, know yourself." It's time to do that.

TSW2022-12 ZC3-The Gift of Asking-The Secret to Reclaiming Your Creative Power

Did you ever consider that asking is a most creative and powerful act? Most people don't seem to know that. Why? Because when they are asking, more often than not, they are needing something and in that space of need, they might feel lacking or even helpless. Being in need generally doesn't make a person feel powerful—or creative. Perhaps quite the contrary. Yet, in truth, asking is the secret to reclaiming the creative power that always resides deep within your beingness. Even Jesus said in no uncertain terms, "Ask and it shall be given to you." He didn't say that if you ask you might receive what you are asking for. He was clear that "it *shall* be given to you." In fact, he knew it from first-hand experience. He always asked and all that he

asked was always given to him. Every little child intuitively know that as well. They ask with certainty. It's only when someone denies them of what they asked for that they are surprised. Unfortunately, they might end up confusing the person denying them of having something they asked for with the source of their inner creative power. Their inner creative power never denies them of what they ask. Yet, people do, often. It's not just about asking, but about who you ask, what you ask, and how you go about asking.

In this class, you'll gain a new and deeper perspective on the purpose and process of asking. You'll begin to discover that asking itself is a gift that keeps giving—when done correctly. You will also learn about asking as the secret to reclaiming access to and use of your inner creative power. In addition, you'll learn many psychic tools to help you to make your asking bring about the powerful and creative response that you are seeking. You have to own your creative power to truly ask.

TSW2022-12 ZC4-Peace on Earth, God's Will to All-Your Psychic Recipe for Happiness & Success

You've seen it written on a variety of Christmas cards every Holy Days season for years: "Peace on Earth, Goodwill to All." Yet, have you ever asked yourself where yours or anyone else's goodwill towards others comes from? In fact, all goodness comes from the same one source within each of us and that one source is one because it is forever undivided. Oneness is another word for undivided, limitless, eternal. And, unconditionally loving. All goodness. It flows out of that undivided source of all life. We might call that God's Will. It is the ultimate creative power that lovingly gives all that is ever asked. That would certainly include your happiness and success. The only question is what you might need to do to receive all of that?

In this class, you'll learn about the nature of what has often been called God's Will. You'll get to explore how God's Will brings about not only peace on earth, but all goodness to everyone and everything here. You will also learn the psychic recipe for being able to have and receive much more of God's Will that will allow you to enjoy the happiness and success that you deserve to have in your life. Interested in what you can cook up?

TSW2022-12 ZC5-Bonus Zoom Post-TeleClass Q&A, Talk-Story & Social

We'll invite everyone who takes part in at least one Zoom-class during this weekend event to join us for this bonus Zoom Q&A, Talk-Story and Social after the last class on Sunday. It's an important time right after learning on this profound inner level to get together, in a more social space, with others who also went through the classes and integrate what you learned and the energy you gained back. Not only can you ask questions that you might have from the classes, but also you'll get to see some of your classmates and hear a little about their experiences and share some of yours with the group. This is a great time to get together and have fun, chill, integrate, and continue to learn.

MERRY CHRISTMAS
2022!
