Making Your Beingness, Awareness & Joy Real in the World

Dear SHAPE Community and Graduates of Clairvoyant Programs, AHA! & Our Psychic Tools & Life Mastery Practices Course,

Kudos and congrats to all of you for the enormous steps you've been taking along your path of awakening. As you are aware, where you are along that path requires you to express who you are in the world and your everyday life now more than ever before. Yet, contrary to popular belief that process of creative expression isn't about re-inventing yourself, being a better version of yourself, or building up a public persona to impress those who cannot see the truth. Rather it is much more about unbecoming whatever you previously thought you had to become in order to gain

Her hearth is full of joy with love, For in the Lord her mind is stilled. She has renounced every selfish attachment And draws abiding joy and strength From the One within. She lives not for herself, but lives To serve the Lord of Love in all, And swims across the sea of life Breasting its rough waves joyfully.

> "I Gave All My Heart" St. Teresa of Avila

acclaim or even acceptance from others and discovering the true you as you already are and have always been. That process of creative manifestation is about you living the unchanging, eternal 'you' no matter what the ever-changing conditions of the world present to you. As you have experienced repeatedly in your lives, that process of mastery requires you to be a dedicated and experienced psychic surfer practicing to 'get barreled' at the Banzai Pipeline by riding an unwavering line through the cascading wave tube. Without a doubt, you will 'wipe-out' countless

times—and that's when you're patient enough and practiced enough in reading and finding your tubular wave that arrives once in a blue moon and attempt to ride it all the way through.

🐿 A bodyboarder "getting barreled" in the "barrel" of a wave at Banzai Pipeline, Oahu, HI.

As you're waiting to 'get barreled', you'll encounter every other kind of wave you can imagine and you'll have to remain true to yourself no matter what form the

waves come in. Some you'll choose to ride over, others you'll choose to dive under. And those that you select to surf will test your certainty and your ability to use all of your tools every time. The waves in the ocean, what we call life experience in this world, never cease whether you like them or not. Hopefully, you're an enthusiastic surfer, regardless of your level of expertise! Remember, it's about the journey, not the destination.

You may have noticed that a few of your more recent growth periods have been churning up bigger waves! That's precisely because you've been accessing more of your creative power at the same time expressing yourself more in the world. Sitting on the sofa being a psychic couch potato doesn't churn up many waves at all. But if you speak up and act upon what you know to be true within you daily, you're strapping your board on top of your SUV and heading out to the Pipeline. It's called walking your walk and not just thinking wishful thoughts. As Yoda might say, "Try not. Just do."

When you start getting on with your creative manifestation in the world, you start owning that you are indeed the light of the world. Then, one of the things that happens is that the world begins to notice you more—and not necessarily in the way you might want them to notice you! The more psychic attention that comes to you, the more it is going to dig up any resistance pictures you may still be hoarding within you. What a great gift that is! Free bonus picture-blowing and forgiveness opportunities. If you take full advantage of those opportunities, you'll punch your own express ticket to your freedom and enlightenment.

The other thing that's been happening more for you is that the more you creatively express yourself, the more any emotional baggage you've been storing in your attic, your basement and in all of your hallway closets will have to come out to make new space for your creativity to go out into the world. At first, those ancient emotions surfacing might feel like hardcore criminals out to do you in, but you're getting a chance to forgive and parole them out of your space. That choice is completely yours: Free them or continue to incarcerate them. If you parole them, you're free of them. If, however, you choose to not forgive and return them to their cells, you have to continue to protect, feed, care for, and pay for them.

# So, for our upcoming 2022 October SHAPE Remote Retreat Intensive, we'll dive deeply into **The Seven Stages of Creative Manifestation** & **Your Path to Self-Realization**.

We'll explore further each of the seven stages and levels of your creative manifestation process into the world as well as track the complementary steps in your journey of awakening toward realizing your true eternal self. You'll be able to start recognizing the stage of your manifesting process in which some of your creativity previously got hung up. You'll also discover what you might need to become more aware of within yourself to progress to your full awakening. You'll experience how the two seemingly opposite processes are completely connected and how what's happening in one directly affects the other. You'll get to look at both progressions from a variety of perspectives, such as through the chakras, the subtle consciousness-body levels, and through your life and relationships in the world.

In addition, you may have noticed above in the titles, the theme for this year's Saturday evening costume soul celebration is: *Come as a Creative Expression of Your Joy!* So, get ready to have some fun, while you take further steps in expressing your true self creatively in the world. Prepare yourself and your costume so you can share with us one of your favorite ways to shine your light and express your joy in the world. Unleash your imagination and turn your joy into a fun form! It's an important part of manifesting the real you. Remember joy is an intrinsic aspect of who you are. How can you wake up to your joyousness if you take yourself too seriously?

As always, we'll start the final preparations to help you optimize your havingness for your learning and healing and for miracles during this Zoom retreat intensive with our Pre-Retreat Zoom Seminar, Cosmic Relief: Addressing The State of The Global Disunion. Yes, how can you have cosmic relief without at least some comic and karmic relief! Before we dive deep into your personal journey of creative manifestation, we'll address the current state of global disunion to which so many people are regularly falling prey rather than praying to rise up to a higher, more harmonious state of awareness and joy. How are we as humanity manifesting the seemingly ridiculous insanities that seem to be in vogue these days in the world? What does all the craziness in the world have to do with your path to self-realization? What are you to do to make it through these times, not only intact, but joyful? Contrary to popular survival strategies, this is certainly not the time to try to "hang in there". In fact, it's time to free yourself from being

hung up in what's not true, see the light, and have some real fun!

Of course, after the retreat and the 3 Bonus Zoom Post-Intensive Q&A, Talk-Story & Socials, we'll offer our Post-Retreat Zoom 'Wrap-Up Seminar', *Making Your Beingness, Awareness & Joy Real in the World*. We'll take up where we left off from our Saturday evening Costume Soul Celebration to help you make who you are more real in this world and shine your light even more joyfully in this topsy-turvey world.

For a bit of what we'll cover in the main retreat intensive workshops, here's a sneak-peak for you at some of the topics (better get yourself ready, update your psychic tools and bring lots of havingness and fun!):

- ▶ Your Creative Manifestation: From a Blank Canvas to a Masterpiece
- ► Reincarnation: Writing Your Story of Self-Realization
- ▶ Divine Revelation: When What Matters Is No Longer Matter
- ▶ Being Spirit: Mastering Time and Space
- ► Are You Cause or Effect? Feeling as Reality Confirmation
- ► E-Motion: Your Ego in Motion
- ► Earth to You: A Penny for Your Thoughts
- ► Soul-Searching: Who Are You?
- ► Choice: Your Creative Expression of Will
- ▶ Where Are You Going? Unveiling a Greater Purpose
- ► To Be or Not To Be? Beyond Either-Or
- ► The Seven Stages of Creative Manifestation
- ► Constructing the World, De-Constructing the World
- ▶ Live The Miracle: Revealing Your Indestructible Reality

Interested in having a thoroughly enjoyable growth period? Why not? After all, we're all here in this crazy world to learn, grow, and heal—right? Wax up your favorite psychic surf board! (Or should you de-whacks it?) If you're a bit less adventurous, how about putting on your favorite psychic water wings or floaties instead? One way or another, you'll make it to your destination.

So, be of great cheer. Woo-Hoo!

Looking forward to seeing you there (on Zoom)!

May the Love of God give you wings to fly and the angels of heaven accompany you on your voyage.

With joyful laughter, love, and abiding grace,

## Michael
